PROFESSIONAL SUMMARY

Software Engineering graduate with 2+ years of hands-on experience in Android and backend development. Skilled in Kotlin, Jetpack Compose, MVVM, REST APIs, and ASP.NET Core, with experience building mobile applications and database-backed services. Currently pursuing a Master's degree in Data Science at NUST MISIS.

TECHNICAL SKILLS

Languages: Kotlin, Python, C#, C++, SQL

Android & Multiplatform: Jetpack Compose, Android SDK, Kotlin Multiplatform (KMP), Compose Multiplatform (CMP), Material 3, Navigation Compose, Room, DataStore

Architecture & Design: MVVM, Clean Architecture, Repository Pattern, SOLID Principles, Dependency Injection (Koin/Hilt)

Backend & Networking: Ktor, ASP.NET Core Web API, REST APIs, Retrofit, OkHttp, JWT Authentication

Databases: PostgreSQL, Entity Framework Core

Testing & Development Tools: JUnit, MockK, GitHub Actions, Docker, Gradle, Git, GitHub, Android Studio, Figma, Swagger/OpenAPI

EDUCATION

National University of Science and Technology MISIS (NUST MISIS) — Moscow, Russia

Master's Degree in Data Science — 2026 – Present

- Open Doors Scholarship recipient (Rank 6, Computer and Data Science track)

National Research Tomsk State University (TSU) — Tomsk, Russia

Bachelor's Degree in Software Engineering - GPA: 4.78/5.00 — 2022 – 2026

- Among the top 5% of the batch

EXPERIENCE

Higher IT School, National Research Tomsk State University — Tomsk, Russia

Android Development Intern — July 2025 – April 2026

- Developed a role-based Android application using Kotlin, Jetpack Compose, and MVVM, with dedicated interfaces for customers, farmers, and administrators.
- Implemented REST API integration using Retrofit, Kotlin Coroutines, and JWT authentication, with DataStore for session management.
- Integrated the Android client with an ASP.NET Core and PostgreSQL backend, testing API functionality and application workflows.

Profi.ru — Remote

Freelance Android Developer & STEM Tutor — February 2024 – Present

- Develop small Android applications for clients using Kotlin and Jetpack Compose based on their requirements.
- Communicate with clients to understand project needs and deliver application solutions.
- Provide individual tutoring in programming, mathematics, and physics, adapting lessons to students' learning levels.

PROJECTS

FarmGate – Farmer-to-Consumer Marketplace | Android GitHub **|** Backend GitHub

- Developed an Android marketplace connecting local farmers directly with consumers through product discovery, pickup-based ordering, and role-specific workflows.
- Built the application using Kotlin, Jetpack Compose, MVVM, and Retrofit, integrating REST APIs, JWT authentication, ASP.NET Core, and PostgreSQL.
- Implemented and tested end-to-end workflows including product management, order approval, pickup-code verification, order tracking, ratings, and issue reporting.

Team Work Tracker – Project Management Application | Team Project | GitHub

- Developed the Android application for a team collaboration and project management system as part of a five-member development team.
- Implemented team and project management, task creation and assignment, priority and status tracking, deadlines, comments, and file attachments.
- Built the mobile client using Kotlin, Jetpack Compose, and MVVM, integrating REST APIs with Retrofit and OkHttp while collaborating through Scrum-based development.

ACHIEVEMENTS

- **Open Doors Scholarship 2026** – **Winner**, Computer and Data Science track; ranked 6th among 38000+ participants.
- **RUDN University Open Olympiad 2026** – **Winner**, Computer Science, Master's track.
- **Russian Government Scholarship 2022** – Scholarship recipient for undergraduate studies.

ADDITIONAL TRAINING

GCI World 2026 – Matsuo-Iwasawa Laboratory, University of Tokyo
September 2026 – Present

- Selected for a data science and machine-learning course covering data analysis, modelling, and evaluation.
- Gaining practical experience in data visualization, statistical analysis, and machine-learning techniques through programming assignments.

LANGUAGES

Bengali: Native
English: C1 – Advanced
Russian: B2 – Upper Intermediate
